## SOLID WASTE FACILITY PERMIT 1. Facility/Permit Number: 26-AA-0005 .16. Self Monitoring: a. Results of all self-monitoring programs as described in the Report of Facility Information, will be reported as follows: Program Reporting Frequency Agency Reported To 1. Quantity of waste received in tons per day. OUARTERLY LEA 12. Outgoing quantity of recycled material that are diverted ANNUALLY LEA from landfilling for the following: wood, green waste, concrete, ashpalt, latex paint, batteries, waste oil, tires, antifreeze, 3. Number of commercial, industrial, municiple, and private N/A vehicles delivering to the facility per day. 4. Area of site utilized shall be reported on an annual basis. ANNUAL LEA The report shall include the location of all filled areas as 5. Log of special occurences (fire, explosion, accident, ANNUAL, AVAILABLE UPON REQUEST LEA inadvertent disposal of hazardous materials or other unapproved waste) shall be maintained. This log is to be kept on site. IMMEDIATELY 6. Emergencies such as hazardous materials spills, LEA landfill fire, or event requiring emergency response from another agency. WITHIN 7 DAYS 7. Notice of complaint against the facility receive by the LEA public or regulatory agency, or receipt of a Notice of Violation from another agency. LEA 8. Load check inspection report. Available to LEA upon AVAILABLE UPON REQUEST request. Quarterly and annual reports due within 30 days of the end of the reporting period.

# SOLID WASTE FACILITY PERMIT

1. Facility/Permit Number: 26-AA-0005

#### LEA Conditions:

#### Requirements:

- 1. This facility shall comply with all the State Minimum Stnadards for Solid Waste Handling and Disposal.
- 2. Additional information regarding the design and/or operations of this facility shall be provided as required by the LEA.
- 3. Owner shall notify the LEA 45 days prior to an anticipated ownership transfer pursuant to PRC 44005.
- 4. The owner/operator shall comply with all notice and orders issued by the LEA.
- 5. The SWFP is subject to review by the LEA, and may be suspended, revoked, or modified for sufficient cause after a hearing.
- 6. The LEA shall be notified of any proposed change in design or operation and shall make a determination as to whether the changes proposed will require submission of an amendment to the RFI and application of a permit modification or revised Solid Waste Facility Permit.
- 7. Alternatives to daily 6 inches of soil cover (alternative daily cover) shall be reviewed and approved by the LEA prior to implementation.
- 8. On or before January 15, 1998, the operator shall implement a change from the existing 24 hour landfill operation to operating during daylight hours a minimum of three days per week.

### Specifications:

- 1. Concrete, asphalt, mulch, or green material received shall be included in the permitted tons per operating day.
- 2. Select salvaging is to be carried out by the operator or his agent. Recycling programs are encouraged.
